

PLAN INCREASE OF LEAGUE MEMBERSHIP TO FIFTY

Political Committee Approves Admission of Latvia and Estonia.

WOULD SAFEGUARD ARMENIA
Applications of Lithuania and Hungary for Entry into Assembly Put Off Until September 23—Would Mediate Turk-Greek Differences.

[By Associated Press.]
GENEVA, Sept. 15.—The membership of the league of nations will be increased to fifty if the assembly adopts the recommendations of the political committee, which today decided to approve the admission of Latvia and Estonia.
The applications of Lithuania and Hungary were put over, the committee deciding to await M. Hymans' report, which is expected Monday, on the efforts to settle the Vilna dispute between acting on the Vilna dispute. Hungary's application will not come up again until September 23, when Count Apponyi arrives to furnish all necessary information to the commission.

Would Safeguard Armenia.
The political committee also decided to recommend to the supreme council the inclusion in the eventual peace treaties with Turkey a clause safeguarding the interests of Armenia.

The finance committee, which is scrutinizing the expenditures of the secretariat as well as the labor bureau, today asked Albert Thomas, head of the labor bureau, how it happened that although the United States is not a member of the league, he had a number of Americans on his payroll.

"I found some remarkably capable men in the United States," M. Thomas replied, "and if I can find more like them I will take them on, wherever they come from."

The preponderance of British and French on the secretariat and the labor bureau is being severely criticized by the representatives of the smaller states. The committee probably will recommend that, in so far as possible, all states represented in the assembly shall have proportionate representation in the executive organizations.

The committee selected Judge F. V. N. Reichmann, of Norway, president of the Court of Appeals at Bremen, to the last remaining of the deputy judgeships. This choice, however, must be ratified by the assembly and the council.

WORLD METHODISTS CALL FOR MILITANT CHRISTIANITY

Emphasizes Need for "More Nerve and Audacity." Welcome Emancipation of Woman and Hail Them Joyfully as Fellow-Workers.

[By Associated Press.]
LONDON, Sept. 15.—The world's Methodist conference today drew up an address for circulation in Methodist churches throughout the world calling for "aggressive militant Christianity." The address read:
"We need more nerve and more audacity. We summon you to aggressive militant Christianity. We welcome the emancipation of women and hail them joyfully as fellow workers."

"We have heard the call for a union of churches. Our first duty is to heat our own divisions and to call our Methodist family to greater unity than we now enjoy."
The conference sent fraternal greetings to the assembly of German evangelical churches, meeting at Stuttgart, and adopted a resolution thanking the American government for providing a site in Washington for a statue to Bishop Francis Ashbury, considered the founder of Methodism in the United States.

Bishop James Cannon, Jr., Methodist Episcopal Church, South, reviewed the prohibition struggle in the United States and analyzed its results, saying:
"The inescapable fact remains that the liquor traffic has forever been branded as an outcast by the government of the United States."

Bishop Cannon declared that if another war should come demanding that America fight in England, France or other countries, one of the most important factors would be whether the American and English or French governments would cooperate to offer the same protection to the American youth from drink as he receives under the American flag. He said the Americans entered the war not for any sordid reason, but because the American people believed in justice and righteousness.

Members of the commission who took part in the meeting last night were: Acting Chairman Morton, Director Myers, Subchairman Johnston, Aldermen Puller and Winfree, Councilmen Ladd, English and Smith and John T. Wilson.
